FLYING THE FLAG FOR QUALITY SPACE

Flagship Park is Peterborough's next major industrial and logistics facility available on a build-to-suit basis.

The scheme is the largest remaining commercial development site in Peterborough and the surrounding area. Our mission is to deliver the East of England's most prestigious commercial park.

The site is located approximately 10 minutes from the A1(M), providing strategic links to the East of England and the Midlands via the A14.

Connectivity across the East of England has never been better, and Peterborough is well placed to suit occupier demands.

The scheme has been designed to accommodate enhanced specifications and will include various sustainable initiatives that are of critical importance to Trebor and our stakeholders. Units will be finished to Trebor's highest standards and occupiers should expect best-in-class facilities.

The site already benefits from an Outline Planning Consent (Planning Ref: 18/00080/OUT). Flagship Park can provide units up to 850,000 sq ft on a build to suit basis, subject to further detailed planning applications.

The site will be served via a new dedicated access off Edgerley Drain Road, will feature new footpaths and cycle paths, as well as several landscaped well-being areas.

Major occupiers that have already taken space in Peterborough include Amazon, Perkins, Tesco, Ikea, Taylor Wimpey, DPD, Fresh Line, DSV, Lidl and Crown.

TREBOR DEVELOPMENTS

We've been paving the way for commercial properties for over a decade. Delivering units from 10,000 sq ft to 1,000,000 sq ft, we made our name implementing straightforward development processes that put sustainable building practices ahead of profits.

Founded in 2008, Trebor Developments is today a market leader in industrial development. Through our work with occupiers, agents and financial institutions, we've fulfilled the vision of countless businesses and earned a reputation for intelligent delivery.

Along the way, we've stuck to our belief that development should always be strategic. That's why your business objectives are the starting point we refer to when approaching any project. The same is true of the spaces we build to let. Everything is managed so that all stakeholders feel represented by the final outcome.

Most importantly, we have skin in the game. We're a private, owner-managed organisation with no PLC or string of shareholders to report to. Decisions are made quickly and we apply a more hands-on approach in order to make your business, our business.
